# **Lithuanian Biochemical Society**

*Advantages of the community*

Andrius Kaselis, PhD

# What is LBS?

---

- ▶ **Lithuanian Biochemical Society (LBS)** - is an independent, non-governmental, non-profit organization.
- ▶ **Our mission** - to consolidate biochemists for solving common professional or society-related problems, to promote and support the development of biochemistry and related fields in Lithuania.
- ▶ **History** - Founded on 26th of October, 1960 as a branch of Soviet Federal Biochemical Society. In 1989 LBS became independent and in 1991 joined the European Federation of Biochemical Societies (FEBS) as a Member.

# Who we are?

---

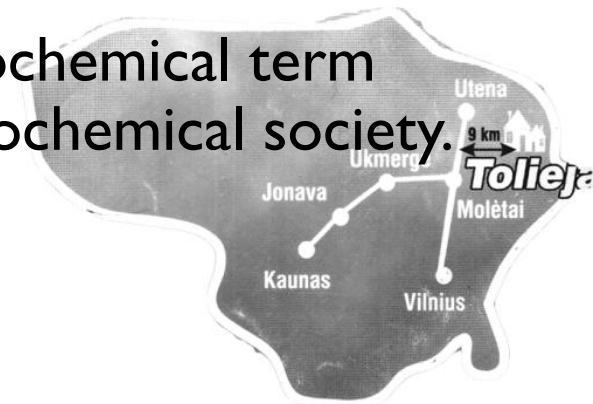

- ▶ LBS has about 350 members
- ▶ **Universities:** Vilnius University, Vytautas Magnus University, Lithuanian University of Health Sciences, Kaunas Technology University etc.
- ▶ **Research institutes:** Institute of Biochemistry, Institute of Biotechnology, Institute of Botany etc.

# What we do?

- ▶ **Conferences** - since 2000 biannual conferences for the biochemists working in all the fields of biochemistry
- ▶ **Education** – National pupil academy; Lithuanian centre of non-formal youth education – extramural school for young biochemists;
- ▶ **Promoting science** – Taking part in preparing science fair “See differently”; Project “LBS potential to promote Knowledge society”; promoting science through TV, news portals, radio etc.
- ▶ **Giving feedback to science** – defining biochemical term dictionary; Book “50 years for Lithuanian biochemical society. Dates, events and people”

MOKSLAS • EKONOMIKA • SĄSILAUKA

EUROPOS SĄJUNGA  
EUROPOS SOCIALINIS FONDAS

*Kuriame Lietuvos ateitį*

# We interact

► In our conferences we have guests from:

TALLINNA TEHNIKAÜLIKOOL  
TALLINN UNIVERSITY OF TECHNOLOGY

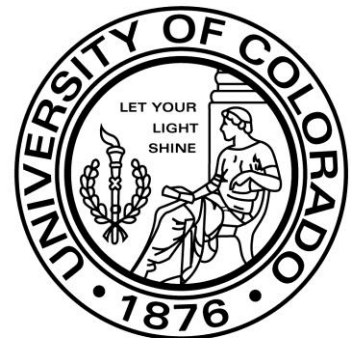

LOMONOSOV  
MOSCOW STATE  
UNIVERSITY

Latvian Biomedical  
Research and Study Centre  
research and education in biomedicine from genes to human

ÉCOLE POLYTECHNIQUE  
FÉDÉRALE DE LAUSANNE

# We've been trusted and supported

---

# Advantages for the members

---

- ▶ Receive all the information regarding activities of LBS.
- ▶ Get all the information of our partner societies and federations we belong to (FEBS)
- ▶ To use all the databases of the LBS regarding conferences, events, seminars etc.
- ▶ LBS helps to cooperate in developing new research projects and promoting science as well as Knowledge Economy and Society
- ▶ Get a huge discount to participate in FEBS congress as well as LBS conference.
- ▶ Be a member of society that unites most of the biochemists in Lithuania.

# Where can you find us

---

- ▶ Our website: [www.biochemistry.lt](http://www.biochemistry.lt)
- ▶ Facebook page: [www.facebook.com/biochemistry.lt](http://www.facebook.com/biochemistry.lt)
- ▶ **Lithuanian Biochemical Society**
